

Dear Donna,

This is not a booking but a thank you to all at Carriages. So far I cannot believe how much easier my life has been since I changed from my other car service company. My colleagues and clients are happier too.

Please pass this on to your colleagues.

Best regards

*"I believe credit should be given where due. Unfortunately these days it's rare to find a service to merit praise. My last car-service was used by my department for many years, so I just went along with the shoddy timekeeping, rude drivers, overcharged invoices for waiting times that never were, etc."*

*"My patience snapped the day I was organising my event at Brocket Hall when I ordered 3 people carriers for VIPs – 2 shabby cars turned up and were extremely rude to my Boss. Brocket Hall recommended you and I haven't looked back since."*

*"Keep up the good work."*

*Best regards*
