Dear Ms Pegram,

I would like to thank you and your company for the service we have enjoyed over the past two years.

Our driver, Alan, has been doing the job excellently for many years now and was a source of information on the nature of activities and of course never had a problem in finding the venue.

On the odd occasion that Alan was not available we received great service from Malcolm and Ray, but it is principally Alan we would like to thank for the way he has looked after us for the past 2 years.

Kindest regards,

Bryan Hammond
Chairman
